Report of Independent Auditors

The Board of Directors
The Nucleus Real Properties, Inc.

We have audited the accompanying financial statements of The Nucleus Real Properties, Inc., which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities and changes in net deficit and cash flows for the years then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor’s Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Nucleus Real Properties, Inc. at June 30, 2020 and 2019, and the results of its activities and changes in net deficit and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

Notes to Financial Statements

June 30, 2020 and 2019

1. Description of Organization and Summary of Significant Accounting Policies

Organization

The Nucleus Real Properties, Inc. (TNRP), a Kentucky not-for-profit corporation, was formed on July 11, 2013, and is a consolidated affiliate of the University of Louisville Foundation, Inc. (the Foundation). TNRP and the Foundation share a common board of directors and certain common management.

TNRP's purpose is to develop the property and manage improvements located at the corner of Market and Shelby Streets in Louisville, Kentucky, commonly known as The Atria Support Center Building, as revenue-producing assets aimed at furthering the charitable and educational purposes of the Foundation. Additionally, TNRP entered into a New Market Tax Credit (NMTC) agreement to provide financing for the Atria Support Center Building. See Note 3 for additional information.

Prior to July 11, 2013, the Foundation financed the Atria Support Center Building with a construction line of credit. Once construction was substantially complete, the Foundation transferred the assets of the Atria Support Center Building to TNRP. TNRP used a portion of the debt proceeds issued through the NMTC agreement to transfer funds to the Foundation to repay the construction line of credit.

Prior to July 11, 2013, the Foundation entered into a management and leasing agreement with NTS Management Company (NTS) to assist with management, leasing, and operation of the Atria Support Center Building. The Foundation assigned the management and leasing agreement to TNRP.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates could also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Nucleus Real Properties, Inc.

Notes to Financial Statements (continued)

1. Description of Organization and Summary of Significant Accounting Policies (continued)

Cash

The cash carried on the statements of financial position approximates fair value.

At June 30, 2020 and 2019, TNRP's cash accounts exceeded federally insured limits by approximately \$831,000 and \$822,000, respectively.

Restricted Cash

In connection with the NMTC financing, TNRP was required to establish a cash reserve account. TNRP established the NNMF Sub-CDE XX, LLC (NNMF) reserve account to provide payment for fees related to asset management, tax and accounting, and annual loan servicing throughout the life of the financing. The reserve account will be reduced pro rata, on a quarterly basis, throughout the term of the agreement as long as asset management fees, due and payable, are current. TNRP classifies this account as restricted cash on the statements of financial position.

Rental Revenue and Deferred Rent

TNRP recognizes revenue over the term of each tenant's lease agreement and structures certain lease agreements to include scheduled and specific rent increases over the lease term. For financial reporting purposes, deferred rent consists of rents receivable from these leases recognized on a straight-line basis over the initial lease term. Accrued income from these leases reflected as deferred rent was approximately \$3,400,000 and \$3,500,000 as of June 30, 2020 and 2019, respectively.

Capital Assets

TNRP records capital assets at cost and expenses depreciation using the straight-line method based on the estimated useful lives of the assets.

The Nucleus Real Properties, Inc.

Notes to Financial Statements (continued)

1. Description of Organization and Summary of Significant Accounting Policies (continued)

The estimated useful lives for each major depreciable classification of property and equipment are as follows:

Land improvements	10 years
Buildings	40 years
Furniture and fixtures	5 years
Tenant finish	3 to 10 years

TNRP capitalizes interest costs as a component of construction in progress, based on interest costs specific to the project and net of any interest earned on investments acquired with the borrowed funds. For the years ended June 30, 2020 and 2019, TNRP did not capitalize any interest.

Long-Lived Asset Impairment

TNRP evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset are less than the carrying amount of the asset, the asset cost is adjusted to fair value, and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value.

No asset impairment was recognized during the years ended June 30, 2020 and 2019.

Tenant Improvement Allowance

Tenant improvement allowance represents costs incurred with a tenant buildout that are paid by TNRP. TNRP capitalizes these costs and amortizes such costs using the straight-line method over 8 to 17 years, which represents the terms of the leases.

The Nucleus Real Properties, Inc.

Notes to Financial Statements (continued)

1. Description of Organization and Summary of Significant Accounting Policies (continued)

Deferred Leasing Costs

Deferred leasing costs represent expenses incurred in connection with a management and leasing agreement with NTS. TNRP is required to pay NTS a commercial leasing fee equal to 4% of the future minimum gross rental amounts of any new lease or lease expansion and extension. Fees are 2% of the future minimum gross rental amounts for lease renewals. If NTS works with a cooperating broker in connection with a new lease or lease expansion, the commercial leasing fee is equal to 6% of the future minimum gross rental amounts. If NTS leases space to a tenant that is an affiliate of TNRP or the University of Louisville, the fee is 2% of future minimum gross rental amounts. Leasing fees are due 50% at the time of execution of the lease and 50% upon the lease commencement date.

TNRP amortizes such costs using the straight-line method over the respective lease terms, ranging from 8 to 17 years.

At June 30, 2020 and 2019, approximately \$2,110,000 in leasing commission fees has been paid by TNRP, and approximately \$833,000 and \$682,000, respectively, have been recorded as accumulated amortization.

Tax Status

TNRP is recognized by the Internal Revenue Service as exempt from federal income tax under Section 501(a) of the Internal Revenue Code (the Code) as a charitable organization qualifying under the Code Section 501(c)(3).

Management Fees

TNRP operates under a management agreement with NTS. Under the terms of this agreement, TNRP agrees to pay compensation based on gross revenues, construction supervision costs, and commercial leasing commissions. For the years ended June 30, 2020 and 2019, TNRP recorded management fee expense of approximately \$348,000 and \$350,000, respectively.

Liquidity

TNRP's liquid financial assets were approximately \$1,027,000 and 930,000 for the years ended June 30, 2020 and 2019, respectively. These assets consist of cash.

1. Description of Organization and Summary of Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842) (ASU 2016-02). The ASU requires the rights and obligations arising from the lease contracts, including existing and new arrangements, to be recognized as assets and liabilities on the balance sheets. The ASU will require disclosures to help the financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. The ASU is effective for TNRP beginning July 1, 2022 and will be applied using a modified retrospective approach. TNRP is currently in the process of evaluating its lease contracts, as well as certain service contracts that may include embedded leases. Additionally, TNRP is finalizing its analysis of certain key assumptions that will be utilized at the transition date, including the incremental borrowing rate. The primary effect of the new standard will be to record right-of-use assets and obligations for current operating leases, which will have a material impact on the balance sheet and significant incremental disclosures in the financial statement footnotes.

2. Capital Assets

Capital assets as of June 30 are as follows (in thousands):

	June 30

3. Notes Payable

TNRP, a qualified active low-income community business (QALICB), executed a loan agreement on September 12, 2013, that provided borrowings totaling \$5,000,000 from PNC CDE 28, LP (PNC) and \$14,850,000 from NNMF Sub-CDE XX, LLC (NNMF). These loans financed the construction of the Atria Support Center Building. TNRP secured the loans with a property deed of trust and security agreement filing on the property, along with a guaranty by the Foundation for obligations under the loan agreements. TNRP's loan balance at June 30, 2020 and 2019, is \$19,850,000.

Under the terms of the loan agreements, the loans have an interest rate of 0.73%, payable quarterly to PNC and NNMF. The agreement does not permit TNRP to prepay any portion of the loan principal until the seventh anniversary date. Commencing September 2020, TNRP will pay, quarterly in arrears, equal installments of principal and interest in amounts sufficient to fully amortize the principal balances of the loans through the maturity date, December 31, 2043. Total interest expense on the notes for each of the years ended June 30, 2020 and 2019, was approximately \$143,000.

Under the terms of the loan agreement, TNRP has certain compliance requirements, including compliance reporting and maintaining its status as a QALICB as defined by the Code.

During September 2020, PNC and NNMF assigned rights to their loan agreements, including mortgage security interests in the property, with TNRP to Nucleus Innovation Investment Fund, LLC (NIIF). PNC exercised its put option to the Foundation for its interest in NIIF for \$1,000. The Foundation is now the sole member of NIIF which holds the promissory notes with TNRP. During closing, TNRP paid approximately \$173,000 to NNMF, of which \$150,000 was a principal payment on NNMF Note B. TNRP's remaining restricted cash balance was transferred to its operating account. Legal fees incurred were approximately \$17,000. There is no impact to the June 30, 2020 financial statements for this subsequent event.
